MEMORANDUM OF DECISION

Deanna Lizotte appeals from a judgment of the District Court (Ellsworth, *Staples, J.*) enjoining her from interfering with an easement providing Robert and Michelle Bagley with access to their property. Lizotte contends that the District Court improperly considered the evidence and did not give her a fair hearing. From review of the record before the District Court that has been made available to us, it is apparent that Lizotte received a full and fair hearing and that her claims of error are insubstantial and may be frivolous. *See Biette v. Scott Dugas Trucking and Excavating, Inc.*, 676 A.2d 490, 498 (Me. 1996).

The entry is:

Judgment affirmed.
