MEMORANDUM OF DECISION

Rebecca F. Dennison appeals from a judgment of conviction for operating a motor vehicle while her license was suspended or revoked (Class E), 29-A M.R.S. § 2412-A (2005), entered in the District Court (Rockland, *Worth, J.*) following a non-jury trial. Contrary to Dennison's contentions, the court did not commit prejudicial error when it relied on the testimony of the officer to find beyond a reasonable doubt that Dennison was, in fact, operating a motor vehicle on a public way and in a parking area at a time when her driving privileges were suspended. *See State v. Haven*, 2002 ME 38, ¶ 3, 791 A.2d 938, 939; *see also State v. Bonney*,

351 A.2d 107, 110 (Me. 1976) (“stating that [p]roof beyond a reasonable doubt may rest upon the testimony of a single witness”) (quotation marks omitted).

The entry is:

Judgment affirmed.
